The impossible becomes possible as member takes responsibility for health costs

By Natalie Schermerhorn, Black Mountain, N.C.

My sister joined Christian Healthcare Ministries 15 years ago, so when my husband’s company downsized and he lost his job and benefits, CHM was an option we researched. It became clear that CHM was the best choice and we signed up as Gold members.

Before April 2014, I had only been to the hospital three times for the births of our sons. Mid-April, however, I experienced sharp pain in my right lower abdomen. After the second day—and too much time researching online—I decided this could be pretty serious. I asked my husband to drive me to the emergency room.

Blood work and CT scans revealed a large cyst on my right ovary. Confirming it wasn’t my appendix, the hospital discharged me and advised me to see my OBGYN as soon as possible. Several weeks later, I underwent outpatient surgery to remove the cyst.

The sharing process was new to me, so I read and

CHM for newbies (part 4): “How do I submit medical bills to CHM?”

Editor’s note: To read previous articles in this series (beginning in the January 2015 newsletter), visit chministries.org/newsletter.

As you receive medical bills from your health care providers, please take the following steps to submit them to CHM. Medical bills must be itemized. (Please note: a receipt is not an itemized bill). They should show any discounts you’ve obtained and payments you’ve made.

1. Submit your itemized bills to CHM as soon as you receive them; do this even if a discount is still pending. The sooner CHM receives the bill, the sooner the bill can be shared and the faster you can pay your medical providers. You can always let CHM know later about a discount when it has been approved by your doctor or hospital. For bills to be eligible for sharing, CHM must receive them within six months of the date of service or they can’t be shared.

2. Along with your itemized bills, make sure you send the proper forms to CHM. All forms you need to submit are available as a free download at chministries.org. Under the “How it works” menu on the home page, go to “Medical care and bills” and click “Needs Processing Forms.” These forms are the two-sided Needs Processing Form, the Medical Release Form, the Letter of Explanation and the Prayer Page Request Form. (The last form should be sent to CHM only if the...
Providers, payment plans, and you

It's very, very—just to be absolutely clear—very important that when you've had an illness or injury that requires medical care, you set up a payment plan with your health care providers until your bills are shared by Christian Healthcare Ministries.

All bills from hospitals (and other providers) that are eligible under CHM Guidelines will be shared. Therefore, knowing that the provider will be paid, you're in a position to explain the following to them:

- I'm a member of Christian Healthcare Ministries, a national health cost sharing ministry and an eligible option under the Affordable Care Act.
- As a sign of good faith and to assure you of payment, I want to arrange a payment plan until the full amount is paid within the next several months.
- I'll pay $50 (or $30, or $20—for example) per month until the bill is shared by CHM.

(Editor's note: It's also a good idea to let your providers know that CHM is secondary to other payment sources, so please ask for a discount and apply for any available financial assistance. You're not asking for favoritism; you simply don't want to be penalized for being a self-pay patient and you want similar pricing as insurance companies receive.)

- If you'd like to learn more about the ministry of which I'm a part, the website is chministries.org/forproviders.

The payment doesn't have to be large. Some providers—not all, but some—will want payments of potentially hundreds of dollars a month. Remember, this is a negotiation. They naturally want to get as much as they can; you naturally want to make the amount as small as possible.

CHM members who've been part of the ministry for a while know from experience how important it is to set up a payment plan and how well the system works.

But new members may not set up a payment plan as they wait for bills to be shared. That's why we so often remind everyone that CHM isn't insurance. It's different, but it's not complicated. Our members are technically self-pay patients who have tens of thousands of fellow Christians standing by to share their bills.

Itemized medical bills

It's also vitally important to send your itemized bills to the ministry as soon as you receive them. Here's why: when the bill is sent to you, the provider's payment clock begins ticking. As soon as we receive the bills from you, we enter them into the computer, check them for eligibility and make sure the provider's coding of the procedures or services is accurate for the service provided to you.

This process ensures the accuracy of the dollar amounts shared and thus protects every CHM member.

The CHM “clock,” however, begins ticking when the bills arrive at our offices. The longer it takes for itemized bills to arrive at the ministry, the longer it takes to put them in the queue. For example, a member sent bills to us in January for a medical procedure performed in October 2014. That meant the provider's payment clock had already been running for nearly three months.

Such situations can become complex.

Clearly, different bills may be sent to you at different times from doctors, hospitals, anesthesiologists, diagnostic centers, and a lengthy list of others. **The most important thing is to send them to CHM as soon as you receive them, even if a discount or financial aid is pending.**

Whenever the itemized bills arrive at our offices, the sharing process goes into gear. We don’t...
God blesses member’s family in tragedy’s aftermath

By Michael Klokus, Clermont, Fla.

Christian Healthcare Ministries published a testimony regarding our son, River, in the ministry’s December 2013 newsletter. We wanted to write again and give an update on how we’re doing and how God acted on our behalf since that time.

My wife, Kimberly, became pregnant in 2012 with our sixth child. However, we soon received a troubling diagnosis for our unborn son. River was diagnosed with a genetic disease called Trisomy 18. He was born premature on Feb. 27, 2013, but in our eyes he was perfect in every way. We held him for about an hour before he gave up his spirit and we placed him in the arms of our Savior.

Our family leaned heavily on our Lord, on our church and on Christian Healthcare Ministries and our fellow CHM members. We saved every encouraging letter we received. Words can’t express what they meant to us.

As time passed, we continued to grieve the loss of River, but we allowed God to work on our hearts day by day. We agreed to let God plan our family, but it was still hard not being fearful.

Around Thanksgiving 2013, we learned once again that Kimberly was pregnant. We prayed daily for a healthy baby, and once again, we placed a call to Christian Healthcare Ministries to let the staff know we were expecting.

Every doctor visit showed that our baby was healthy and growing. We did our best not to let fear creep in, but we were anxious nevertheless. Kim was scheduled

The truth about dairy
© Dr. Michael D. Jacobson. Do not reproduce this article without permission.

When Swedish researchers analyzed nearly 20 years of data collected on more than 60,000 adult females, the results were astonishing: women who drank at least three glasses of milk per day were nearly twice as likely to die during the study than those who drank an average of less than one glass per day.

Researchers controlled the study for a variety of factors including age, education, diet, smoking, alcohol and supplements such as vitamin D and calcium.

Studies were also conducted on a subset of the study population. Women with increased milk intake, the scientists learned, had higher concentrations of a marker of oxidative stress in their urine.

The contradiction: Interestingly, the unhealthy correlations didn’t exist for cultured dairy products such as yogurt, cheese or buttermilk. In fact, these products were associated with less inflammation and oxidative stress.

The cause: Scientists postulate that the differences may be caused by the sugar d-galactose. Lactose, the primary sugar in milk, is broken down into glucose and d-galactose. D-galactose is associated with chronic inflammation, oxidative stress and rapid aging in mice.

The good news: Cultured and fermented dairy products such as cheese and yogurt have considerably less lactose and d-galactose.

Raw milk—straight from the cow, in other words—contains all of the necessary enzymes for digestion. It’s rich in calcium, magnesium and other nutrients. In fact, raw milk has been used therapeutically in medicine.

Klokus testimony (continued from page 3)

for a C-section on July 28, 2014. After just a few hours, doctors helped deliver our seventh child—a perfectly healthy boy we named Sawyer Rain Klokus.

For the first time in months, our family exhaled. What a relief! In fact, Sawyer’s middle name, Rain, symbolizes our experience both with his brother and Sawyer’s gestation and birth. During River’s short life and in the following months, we were comforted by MercyMe’s song “Jesus Bring the Rain.” We thank God for our short time with him and for our new life with Sawyer, but mostly for drawing our family to Himself through the tough times.

Once again, CHM took the financial burden off our shoulders by sharing over $17,000 in bills for Sawyer’s birth. The ministry’s help enabled us to find our “new normal” with the addition to our family.

Sawyer is nearly nine months old now and is still healthy in every way, for which we thank God.

Sawyer hasn’t replaced River, nor have we forgotten him. Daily we find ourselves drifting back to that one hour we had with him. We imagine what he would be like now. However, we have learned to find more joy in the day-to-day moments of life. A large part of that is due to Christian Healthcare Ministries and CHM members. We are so grateful for your prayer and support.

Meet your CHM staff: Marlesa Boak and Dreama Whitlow

Marlesa Boak is a new addition to the CHM Gift Processing department. She handles monthly gift contributions, including checks, credit cards, CheckEase bank withdrawals and transactions conducted by phone.

“I love the positive atmosphere at CHM,” Marlesa said. “The support from other employees is amazing, and it has been great knowing that CHM’s first priority is to glorify God.”

Prior to joining the CHM staff, she was employed for more than seven years at FirstMerit Bank. Four of those years were spent working in local branches; the other three were in the dispute resolution and bank card fraud departments.

Marlesa grew up in Massillon, Ohio. From infancy, her parents took her to church and she accepted Christ as her savior while in junior high. She graduated from Tuslaw High School in Massillon and now attends RiverTree Church in Massillon.

Luke 1:5 has influenced Marlesa’s life. “I recently went to a women’s conference and the theme verse was ‘Blessed is she who has believed that the Lord would fulfill His promises to her,’” Marlesa said. “I believe God will fulfill all His promises to me and I have been truly blessed.”

Marlesa’s husband, Keith, works at Accurate Door in North Canton, Ohio, and serves in the Ohio National Guard. He completed two tours in Afghanistan during his 13 years of military service. The Boaks have three sons: Kaden (6), Landon (2) and Kholten (six months).

With three young children there isn’t much free time, Marlesa said, but whenever she gets a chance she enjoys being outdoors, reading and going out to see movies.

Dreama Whitlow is part of the CHM Member Reimbursement team. Her role is to assist with the accounting functions necessary to share medical bills.

Member learns CHM is trustworthy when the unexpected occurs  By Anna Judnich, Jamestown, Calif.

Stunned by sudden pain, I quickly retreated from a friend’s driveway into the safety of my car. Looking down, I found a deep wound caused by a dog bite. I later learned that the dog’s fencing was not secure.

My husband immediately drove me to the emergency room and I was treated with anti-rabies shots and antibiotics. Feeling the need to be proactive, I also added probiotics and cultured vegetables (such as noncommercial sauerkraut) to my diet.

This was my first incident as a Christian Healthcare Ministries member. Every time I called the CHM office, the staff answered my inquiries in a helpful manner and explained what I needed to do.

My original bill was $21,050. I had read the CHM literature and newsletters and therefore absorbed the idea of negotiating discounts for medical services. I asked and the hospital offered a 50 percent discount if I paid cash.* Since I was financially able, I proceeded at the encouragement and direction of the CHM Member Advocate department. CHM members shared the remaining amount of my bill.

The following weeks were a lesson in learning patience because healing simply takes time. I believe that deep wounds heal from the inside out. My leg continues to heal, though some numbness remains at the site of the injury.

Member finds Prayer Page giving an unexpected godsend

By Amy Nelson, Pataskala, Ohio

When I wanted to stay home full-time to care for our four children, my husband, David, and I decided to join Christian Healthcare Ministries. However, we were nervous about how the ministry would work for us because David has frequent health problems.

In fact, before joining, David had a stress fracture in his foot—something we thought would heal itself. Over time, however, the pain worsened and the ligaments and tendons in his foot essentially dissolved. The doctor recommended extensive surgery.

This meant two things for our family: First, David would have to end his career in construction and I would have to go back to work to make ends meet while he recovered. Also, this would be our first experience using the CHM program.

David underwent surgery in July 2014 and incurred $37,000 in medical bills. We were shocked by the cost and not sure if our need would be met since it was a pre-existing condition. After speaking with a CHM staff member, we learned David’s name would appear on the Prayer Page in the ministry’s monthly newsletter.

We then called his doctor to explain the process. We weren’t sure what reaction we would get when we told him we were members of a Christian health care sharing ministry and that payment might be delayed. We were terrified we would drag the name of Jesus through the mud.

You can imagine the relief and delight we felt when we received a check for $4,000 that first month. David’s surgeon was thankful for the money and we were excited to see what God would do through His people who are part of Christian Healthcare Ministries.

God acted again because we received financial assistance from the hospital. We requested that David’s name be removed from the Prayer Page to enable others to receive the blessing of members’ donations.

David is doing well now and his foot is healing steadily.

The Prayer Page was, quite literally, a godsend. We were surprised by the generosity of everyone involved—we received nearly $13,000 from Prayer Page giving—and are so grateful for the help we received. We didn’t imagine that things would go as smoothly as they did.

God taught us to trust Him to provide for our needs. He is faithful, even when we are not. And now, even our brand-new donut business is picking up.

We want to send a big thank you to CHM and to God’s people.

Member’s Facebook post inspires book for weary women

Good News for Weary Women
By Elyse M. Fitzpatrick
Escondido, Calif.

The Facebook post: “Okay, friends…I need your help. I’d like to know the dumbest things people tell women they have to do in order to be godly. Ready…go!”

The result: Nearly 500 responses came from women within 24 hours. “I thought I might get a few responses, but what happened over the next 24 hours was mind boggling—and frankly pretty troubling,” said Elyse M. Fitzpatrick, CHM member and author of Good News for Weary Women.

Elyse knew that women felt burdened by to-do lists, suggested steps for improvement and bad advice. In that moment, however, she learned the magnitude of the frustration, anger, angst and despair these weary women were feeling deep inside. “As I’ve interacted with Christian women around the country, I’ve noticed a disturbing reality: women are utterly exhausted,” she said. “This begins in several places, but the primary reason is that women have been receiving the message that they are responsible for nearly everything and that it’s up to them to get their lives together or God won’t be happy. Otherwise, their life and the lives of those
What is the Prayer Page?

The Prayer Page is an additional means by which CHM members help other Christians. Most of the medical needs listed on these pages are ongoing bills from pre-existing conditions, which do not qualify for sharing through the regular CHM program. (They are not bills incurred before members joined CHM.)

Giving to needs listed on these pages is not your CHM monthly gift. It is an opportunity to give over and above your gift amount. We urge you to send cards of encouragement even if you are unable to contribute financially.

See the sidebars on pages 8-9 for more information on how to give.

Prayer Page needs do not qualify for sharing under the regular CHM program (see left sidebar).

Please do not send financial gifts directly to the people listed below. Giving should be sent via the CHM office (see page 8 sidebar). Addresses are provided below if you wish to send cards, letters or emails of encouragement.

**How do I use the Giving Guide?**

In the Giving Guide, find the range of membership numbers in which your number falls. You can send a gift to the need number that corresponds to your member number.

For example, if your number is 140000, you can send to need #41.

These directions are only suggestions; if you are not a CHM member or feel led by the Lord to give to a need other than the one suggested, please do so!

Any gifts designated for a person not on the Prayer Page will be forwarded to another recipient.

If you wish to donate to Prayer Page needs using your credit card or bank account, please call the CHM Member Assistance department at 1-800-791-6225, ext. 5993. Donations can be made online via the CHM Member Portal at chministries.org/members.
Member’s book (continued from page 6)

they love will fall apart.”

These biblical misunderstandings, she explained, come from various places, including the church. Social media, too, is another source of pressure. When women see pictures of their friends’ “perfect” families having a great time, they wonder what they’re doing wrong. Elyse’s hope is that women will learn to distinguish between messages from the Lord and false messages from culture and their own hearts.

Each chapter of Good News for Weary Women addresses common stumbling blocks for women, including the delusion of self-perfection, overbearing to-do lists versus understanding the Lord’s will, serving God rather than idols and much more. Scripture and personal reflection questions appear at each chapter’s end.

“I pray most sincerely that women will rediscover the profound grace that is ours through the Good News: that we are forgiven, loved and already counted perfect,” Elyse said. “The book is a call to rest in Jesus’ life, death and resurrection; it’s a call to remember the Gospel.”

Elyse gave her life to the Lord in 1971 at age 20, despite having been raised in a non-Christian home. Shortly after her conversion, she entered Bible college and earned a degree in theology. She later obtained a master’s degree in biblical counseling.

She has been married to her husband, Phil, for more than 40 years. They have three children and six grandchildren—all of whom live in the San Diego, Calif., area. Elyse spends most of her time writing, traveling and speaking at conferences.

She has written 21 books, including several with her daughter, Jessica Thompson. Elyse goes to the beach as often as possible to ride her boogie board and swims laps nearly every day at her local gym. In addition, she is constantly reading both fiction and nonfiction.

Good News for Weary Women is available at amazon.com, barnesandnoble.com and christianbook.com for a $12 printed copy or a $14 audio book. It’s also available as an eBook for $10. DVDs may be purchased for women’s group studies at ibcd.org. More information about Elyse and her books can be found at elysefitzpatrick.com.
Schermerhorn testimony (continued from page 1)

re-read the CHM Guidelines. There was a huge difference between the way CHM works and just showing the hospital staff an insurance card; I was now taking responsibility for my health.

Amanda Moore, my Needs Processing representative, was the go-to person for my many questions. She was kind and answered my emails in a helpful way.

Like anything new, the more I interacted with my health care providers and CHM, the more comfortable it became. Each time I explained my new way of handling health costs, it became easier. I kept an accurate account of every bill and developed a spreadsheet for convenience.

My bills totaled $24,636, and with guidance from CHM staff, I obtained discounts and financial assistance in the amount of $21,208. The reduced total was only $3,428—an 87 percent discount! As per CHM’s policy, I didn’t have to pay my $500 personal responsibility amount, and CHM shared my bills in a timely manner.

I knew the ministry was there to help if I needed it, but I also knew that no one understood my situation better than me. I qualified for additional assistance because of my husband’s job loss, and I had a good relationship with my OBGYN. She was gracious and worked with her bookkeeper to give me a 60 percent discount instead of the usual 20 percent.

I’m doing great now. The surgery was successful and my recovery time was only a few short weeks.

I wish I could share all of the blessings, stories and lessons I learned through this experience, but the best I can do is say this: God grew me in my faith, compassion, patience, steadfastness, confidence, gentleness, thankfulness and boldness in sharing Christian love.

We are grateful to God and CHM, but we are also very thankful to the providers who graciously discounted their bills to help us. I pray that we are not like the nine leprous men in Luke 17:11-19 who continued on their way after Christ healed them. May we be like the one who returned to thank Jesus and give God glory. If you find yourself in a medical situation, I encourage you to write to each doctor, acknowledging and thanking them for their role and generosity.

Through this incident and telling providers about CHM, I had the incredible opportunity to share Christ with those I would not otherwise have met.

Fellow CHM members, I encourage you to read and read again the Guidelines and monthly newsletters. Both are helpful in understanding the many advantages of CHM. Each story was helpful to me in grasping just another little piece of the sharing process and how others experienced victory both medically and spiritually.

I’m a shy person, but I assure you there’s no reason to be shy. I learned how to emphasize to providers that I was responsible for my bills, and it’s to your advantage to learn how, too. I told them that my CHM family would share my bills after other resources were used. I found myself getting more and more excited about the money I was helping save—money that would be used for other CHM members.

Take good notes, keep track of everything, make follow-up calls and don’t hesitate to ask for additional assistance. Most importantly, write or call to say thank you.

I would definitely recommend CHM. In fact, I have. Doctors and hospitals were more willing and eager to work with me than with an insurance company.

As CHM continues to remind us, we are the Body of Christ. When we do things for the glory of God, we experience the impossible becoming possible.

Judnich testimony (continued from page 5)

Ministries 10 years ago while reading a magazine. I was intrigued by its practice of not sharing expenses for unbiblical medical care. However, change is difficult for me, so it wasn’t until this year that I researched our family’s options once we canceled our catastrophic policy from an independent insurance company. We chose to join the Christian Healthcare Ministries family.

I believe God went before me on all my health care money matters. If memory serves, our previous policy didn’t even have emergency room coverage.

I can now speak with confidence when I say that CHM represents itself well and is trustworthy. We thank God for the obedience of this ministry’s members.

*Editor’s note: If your medical bills total more than $1,000, please contact the CHM Member Advocate department at 1-800-791-6225, option 5, before accepting a discount and making payment. Please remember that once a bill is paid, negotiations cease. To learn more, see CHM Guideline L.
Newbies (continued from page 1)

treatment was for a pre-existing condition.)
Alternately, you can call CHM at 1-800-791-6225 and ask that forms be sent by mail. *It's important that each form is filled out and submitted promptly; missing forms will cause a delay in sharing your bills.*

3. Sharing time for most bills is 60-90 days. Notify CHM if your provider sets a time limit for discounts and the CHM staff will work with your provider to share the bill(s) on time. In general, bills are shared in the order they’re received at the CHM office. Subsequent charges can be submitted as “add-on” bills; be sure to include your full name, member number, and brief explanation of the add-on bill.

4. Promptly pay your provider(s) when you receive funds from CHM. Treat as reimbursement from CHM (since you will be reimbursed) any portion of the funds you have already paid to your provider(s).

5. Maternity only: At your first prenatal checkup, ask for a prepayment agreement (sometimes called a “Stork Package” or “global fee.”) These rates often include all pre-natal and delivery charges at a reduced price; you can ask whether inpatient fees for your hospital room and meals are included. When you have it, submit the agreement to the CHM office and send any additional bills as “add-ons” to the original amount. In most cases, submitting a timely estimate enables CHM to share your maternity bills by the time the baby is born.

“What happens when CHM receives my bills?”

When we receive your bills, our Member Records department stamps them with the receipt date. Needs Processing staff members enter them into our computer database and authorize them for sharing. We make sure they’re not duplicates, that they are eligible bills, that they’re itemized and that there are no billing mistakes made by your health care provider(s).

If these criteria are met, our Member Advocate department reviews the bills to make sure that the maximum discount has been obtained and verifies discounts with your medical providers. Please make sure to immediately notify CHM of any discounts you receive.

The next step is performed by Finance department staff members, who release funds for sharing from the audited CHM bank account. You’ll receive a check or checks from the CHM office reflecting the amount of your eligible medical bills. It’s then your responsibility (and a CHM membership requirement) to use the entire amount to promptly pay your medical providers.

For more details about any of the information above, please refer to CHM Guidelines J, K, L and M. If you still have questions, call CHM at 1-800-791-6225, ext. 5993, or ask a question online at chministries.org/contactus.

Meet your staff (continued from page 5)

an environment where the staff takes time to pray together in groups each day before work, where we have a chapel service each week to hear the word of God and where my coworkers stop to pray with me when I have a burden on my heart,” she said.

Dreama was raised going to church and knew from a young age that salvation comes through the blood of Jesus Christ. “At age 16, after years of professing to be a Christian, I finally knelt by my bedside on September 3, 1985, and asked the Lord to save me,” she said. She now attends Massillon Baptist Temple.

Philippians 1:6 (KJV) is her favorite Bible verse: “Being confident of this very thing, that he which hath begun a good work in you will perform it until the day of Jesus Christ.”

“This verse reminds me that God began a great work in me the day He saved me,” Dreama said. “Though I’m not everything I should be, God is working in my life every day until His Son, Jesus, returns to take me home.”

Dreama’s desire is to encourage members with what God is teaching her. “I recently heard a sermon about waiting on the Lord,” she said. “Sometimes God allows us to wait because He’s working in someone else’s life through our circumstances. Sometimes it’s because of our unbelief. And sometimes we must wait because God is preparing us for something greater. Other times, it’s simply not His timing.

“My dear friends, God may seem far away, but He’s not ignoring your pleas. He hears every cry and is working in your life. Psalm 27:14 says to wait on the Lord, to be of good courage and that He’ll strengthen your heart.”

Dreama has two daughters (Kristin [23] and Lauren [20]) and one son, Jordan (14). In her spare time, she enjoys shopping, exercising and reading Christian books.
Member’s money-saving tip about imaging tests

Dear Christian Healthcare Ministries:

I’d like to share a tip that could save members money!

At the beginning of December, my family and I signed up for CHM. By the first week of January, I found myself in the doctor’s office needing lab work and an MRI.

Very new to all of this, I went to the lab my doctor’s office recommended, but I asked about MRI rates before I checked out.

I decided not to make an appointment just yet. Instead, I went home and started calling around for different prices. I was surprised to find that imaging centers in hospitals are usually twice as expensive as separate imaging centers.

For example, I received an MRI quote from the hospital for $3,000, whereas the quote from an imaging center was $1,400.

I had no idea there was such a difference in costs. I guess I have been a “sheep” for so long. It’s nice to now be an informed consumer.

Sincerely,

Veronica Wolfe
Chattaroy, WA

*Editor’s note: The CHM Silver and Bronze programs do not include any treatment performed outside a hospital (except surgery). However, bills from diagnostic imaging tests performed outside a hospital will be eligible for sharing if members provide written proof that the cost of the proposed test(s) is less expensive at a non-hospital facility.

Providers (continued from page 2)

wait until all eligible bills are compiled into a single grouping for a one-time payment. We know that the different providers are going to have different schedules.

What we want is to provide you the best, most accurate, and fastest service we can.

To help us do that, please:
• Arrange a payment plan with your provider.
• Send us the itemized bills as soon as you receive them.

What follows, from our “Providers” tab on the CHM website, will help you as you talk to your health care providers.

“What steps will my patient take to pay his or her medical bill? What kinds of questions can I expect to hear?”

We encourage our member—your patient—to follow these steps:
• Explain to you that he or she is self-pay and should be billed directly.
• To ask for a “bundle” rate if treatment requires several services.
• As early as possible, preferably before services are performed, discuss pricing and discounts; request a self-pay bill discount to receive the same consideration given to insurance patients. The larger the discount, the faster CHM and the patient can work together to pay the bill.
• Ask you if there are financial assistance programs available for self-pay patients.
• Set up an interim payment schedule to demonstrate your patient’s desire and ability to pay.
• To pay you promptly once the patient has received the necessary funds from the CHM office.

We hope this is helpful and we thank you for being a CHM member. It’s a privilege to serve you.

Dairy (continued from page 4)

Today, many people are concerned with the safety of raw milk. However, the safest milk is the kind that comes directly from a healthy cow and is consumed within a short time. The problem comes when we try to extend its shelf life. To preserve milk, it must be stripped of its vital nutrients that would otherwise decay and cause the milk to go rancid.

The implications: Human breast milk is by far the best choice for newborns and infants. Upon weaning, please strongly consider giving children fresh, raw milk rather than pasteurized, homogenized milk. Especially choose cultured products such as yogurt as your source of dairy.

Editor’s note: The Word on Health can be ordered through CHM by contacting Norma Mull at nmull@chministries.org.

Letters to Christian Healthcare Ministries

Just as the church of Christ is not a building, Christian Healthcare Ministries isn’t an office in Ohio. These letters represent what you who participate in CHM are accomplishing for each other and for the cause of Christ. You, through your collective and faith-based sharing and support, make this ministry possible. We are privileged to serve you. We are privileged to serve Him. -Rev. Howard Russell

Dear CHM,
I cannot begin to tell you how happy and thankful I am for the checks I received from you. The diagnosis was not cancer and I am doing well—praise God! Your ministry is such a blessing. I’ve also been sharing CHM with friends and family. Thank you for all the wonderful work you do for so many people.

God’s richest blessings,
Jeanette Swords
Clio, MI

Dear CHM Staff and Members,
I am writing this letter to thank you from the bottom of my heart that my God, through my CHM family, helped share for my pre-existing nerve sheath tumor surgery, radiation and all the scans and doctor appointments that came along with my year-long journey.

As I come to the end of this experience, I draw closer to God like never before. I don’t want to lose or forget what He’s done in my life through healing, restoration and peace that surpasses understanding. I couldn’t have gotten through this without God, my wonderful husband and my CHM family. I’m able to use this experience as a testimony because God gets the glory. I’m in awe that I’m medically debt-free today. I pray for blessings for each and every individual, family and church that sent donations and beautiful encouraging cards. They touched me so deeply.

In Christ’s name,
Nancy LeAlcala
San Diego, CA

Dear CHM family,
Thank you so much for your kind notes of encouragement. The financial sharing was a huge relief, and your letters were very touching and most appreciated.

God bless,
Elizabeth Mitchell
New Braunfels, TX

Dear CHM,
Thank you to everyone who is involved with this ministry. When I lost my job, my wife and I also lost our health insurance. Any decent option would cost nearly $700 per month in New York. I researched CHM very carefully before joining but was confident with my choice. We never needed to submit bills for sharing—praise God!—but then my new job offered health insurance for $41 per week. I’ve decided to use my new insurance but still remain a member of CHM to support my fellow brothers and sisters in Christ. It’s my prayer that other Christians also do the same, if they can.

God bless,
Craig Truglia
Carmel, NY

Dear Ken,
It amazes me how attentive you are to each member of Christian Healthcare Ministries. You fielded my calls and emails while you were in the middle of a conference. You continually and fervently pray with me. You respond to me immediately while at work. You help me with my paperwork and correct my many mistakes at the end of the day, even on a Friday. God has truly gifted you! Your ability to make each member feel as if he or she is the only one is a blessing.

I know there are so many other Christian Healthcare Ministries members you are attending to, however your caring and helpful service makes me feel like I’m the only one. Part of me says I don’t know how you do it, but the other part knows that God is in your heart and that He’s exactly how you do it.

Thank you so much,
Nancy Collins
Oak Harbor, WA

Dear CHM,
You are such a blessing and I’m so grateful for all you do,
Karen Robinson
Winter Garden, FL

Dear Wilma,
I hope all is going well with the ministry! Thank you for your attention to helping our family through our medical need. I’m excited to share that our little two-year-old girl is healed after more than 12 months. Our oldest daughter has been dealing with the same medical condition since 2012 and we believe she may also be healed. We understand that there is a chance for relapse, but I believe the surgeries to remove hundreds of lesions from Kinzy Klaire’s body were effective. Now her immune system is finally able to attack this virus.

Thank you for all your prayers and support.

We are so grateful,
Kevin, Laura, Keely, and Kinzy Klaire Drewry
Columbus, MS

Dear CHM,
I must tell you that I’m amazed at how little the catastrophic needs program—Brother’s Keeper—costs. What a testament to the power of numbers (of people) and to the fabulous job that you guys do in keeping it all organized and flowing. I hope we never have to use it, but it’s a blessing to know it’s there just in case.

Thank you so much,
Nancy Collins
