

Physician global agreement

I'm a self-pay patient and member of Christian Healthcare Ministries (CHM).

CHM isn't insurance:

it's a biblically based ministry that enables people to pay their medical bills through Christians following the New Testament charge to carry each other's burdens.

Currently pregnant:

I'm currently pregnant, and I ask that you create a prepayment agreement with me (or global fee). Here's what I need in my prepayment agreement:

- Provider information
- Patient name
- A list of all services included in the fee
- Total fee for services
- The payment due date or payment plan details

Contingency:

If you don't have the capability of creating a prepayment agreement/global fee, please send me final itemized bills for each service as they're incurred.

"She girds herself with strength and gives power to her arms." (Prov. 31:17)
